Did You Know?

Recipient of the Padma Shri, Padma Bhushan, Padma Vibhushan and the Sangeet Natak Akademi Award, Ustad Zakir Hussain passed away in 2024. He was widely regarded as one of the greatest tabla players and percussionists of all time.

RIGHT NAMES, WRONG NAMES

A boy named Vir, meaning 'brave' in Hindi, may turn out to be a truly brave person but another boy named Vijay, meaning 'victory' in Hindi, may always be on the losing side. Some people have suitable names, while others do not. This is true of birds, insects and animals too!

A. Name these birds that have 'right' names.

1. I am a long-tailed songbird, found mainly in tropical America. I can mimic the calls and songs of other birds.

M _ _ C _ _ _ G
B I R D

2. I make my nest by weaving grass stems and other plant fibres, using my beak as a needle.

W _ _ A _ _ R
B I R D

3. I am a bird that can sing. Hence, my name.

S _ _ _ B I R D

B. Name these animals that have 'wrong' names!

1. I am a lizard but I have been named after a creature that lived long ago in the past.

K _ _ _ O _ _ _
D _ _ _ G O _ _

2. I am a tailless, South American rodent, typically kept as a pet. Though the first part of my name is a country in West Africa, I have nothing to do with that country.

G _ _ _ N _ _ _
P _ _ _

3. I am also known as a glow-worm, though I am not a worm. I am actually a winged beetle.

F _ _ _ F _ _ _

Find Out

... the names of two more creatures that have the 'right' names, and two creatures that do not.

THE AMAZING WORLD OF ANIMALS

Plants
and Animals

Write T for 'true' and F for 'false'.

1. Hermit crabs wear empty mollusc shells for protection. When they outgrow these shells, they grow shells of their own.
2. Snakes can hear very well.
3. A jellyfish cannot regrow its tentacles.
4. A seahorse has a suit of armour to protect it from its enemies.
5. Most dogs have better hearing than humans.
6. At 188 decibels, the trumpet of an elephant is the loudest sound produced by an animal.
7. Blue whales have the largest eyes among animals, each measuring 16 inches across.
8. There are many types of leopards, like African, Indian, Arabian, Amur and Javan.
9. A flying fox is a kind of a fox.
10. The great Indian bustard, found in India and Pakistan, is an endangered species. This bird feeds on small snakes, lizards, scorpions, wheat, millet and groundnuts.
11. Orangutans and dolphins are among the least intelligent creatures in the world.

A hermit crab

A jellyfish

A leopard

Listen and Talk

- The heart of a blue whale is the size of a small car.

6.c

Listen and Talk

- Many countries like Ireland have a tax on plastic shopping bags. Some other countries plan to implement such a tax. Countries such as Italy, South Africa and Taiwan have banned the use of plastic shopping bags because they are harmful for the environment. Many places in India too are plastic-free zones. Many shops and departmental stores use jute bags instead of plastic bags. Some stores charge for plastic bags if you request for them. Can you give any two reasons why plastic bags are harmful for the environment?
- Saving electricity is the need of the hour. Can you suggest a few ways to do so?

Did You Know?

India banned the use of single-use plastics from 1 July 2022. Single-use plastic refers to plastic items that are used just once and discarded leading to major environmental hazards.

Knowledge of India

DO YOU KNOW WHY?

A. Discuss why these things happen.

1. Mother birds sit on their eggs.
2. We feel thirsty several times during the day.
3. Small gaps are left between rails while laying a railway track.
4. Lemons and, sometimes, oranges taste sour.
5. A fresh tomato rots after it is kept out of the refrigerator for a few days.
6. We see lightning before we hear thunder.
7. Leaves change their colour in autumn.
8. We breathe heavily after running, climbing stairs, or exercising.
9. We, sometimes, hear creaking sounds from doors and wooden furniture in winter.

*A small gap
between rails*

Trees in autumn

B. This is a picture of a person floating in the Dead Sea. He will not sink. Why?

Did You Know?

- When an adult—weighing about 72 kg—sleeps, they burn about 69 calories in an hour.
- If you boil seawater, the water will evaporate and leave behind salt crystals. This salt can be used in our food.
- Frozen food does not spoil because it is stored at very low temperatures, where germs, mould and other food contaminants cannot grow.

C. In your own *Find Out* book, make a list like this:

Harmful

Cigarettes

Very oily food

Helpful

Clean water

Green vegetables

Both harmful and helpful

Mobile phone

Sugar

A. Unscramble the letters to write the correct words.

1. The ____ (PDIA) was launched in 2010 by ____ (LEAPP), a leading computer company. It is a tablet computer that plays videos, audio, and has thousands of applications.
2. MacBook Air, launched in 2008 by Apple, is a very slim ____ (POLPAT), also known as a ____ (OBOKNOTE).
3. ____ (KPSYE) allowed people to communicate by voice, video and instant messaging, and share photos and videos through the Internet. It was shut down in May 2025.
4. As of 2025, China has the highest number of ____ (EETITNRN) users in the world.
5. ____ (INAMSTAGR) and ____ (TUEBOUY) are among the largest social networking sites in the world.

B. In your own *Find Out* book, add one more fact to this list:

- An AIBO is a robotic dog created by Sony. Computer software has given it abilities to recognize its owner, to respond to their call, to sleep, to exercise, to play and to even express fear, joy, surprise and anger.
- A humanoid robot is a robot that resembles the human body. OceanOne is a good example of a modern-day humanoid robot. It completed its first mission in 2016, when it went diving for treasure in a shipwreck, off the coast of France, at a depth of 100 m in the sea. The robot is remote-controlled and 'thinks' and acts like a human deep sea diver.

Did You Know?

- Artificial Intelligence (AI) gives machines the ability to solve a problem and do a job like a human would. Robots and computers have Artificial Intelligence.
- A microblog allows people to exchange small files, short messages, images, etc.

Listen and Talk

'Gadgets and machines are helpful. But they can be misused and become harmful to us.' Discuss.

WORK IT OUT
