4/8/26

E] Answer the following questions.

1. Explain in a short paragraph why a system of checks and balances is important in a democracy.

→ The Indian system is designed in such a way that the three branches of the Indian state, and also the Indian state, can act as a check on each other. This makes sure that power is not misused. This is called a system of checks and balances and is a very important part of a democracy.

2. Give two differences and two similarities between the legislatures at the centre and in the states.

→ Similarities

Centre	State
The central legislature has two houses - Lok Sabha and Rajya Sabha.	The state legislature has two houses - Vidhan Sabha, Vidhan Parishad.
Makes laws for the country	Makes laws for their states.

→ ~~Diff~~ Differences

Centre	State
The prime Prime Minister is the head of government. Members are elected to the Lok Sabha Sabha and Rajya Sabha from every part of the country.	The Chief Minister is the head of the government. Members are elected from all over the state.

3. Name the three lists under which power is shared between the centre and the states. Give one ~~ex~~ example of the ~~the~~ subject under each list.

→ Union list, Responsibilities of the union government, for example, the railways, the defence of India, and foreign affairs.

State list: Responsibilities of the states, for example, the ~~the~~ police law and order within the state. Concurrent List: Responsibilities that are shared by the states and the union government like education, electricity, or forest and wildlife.

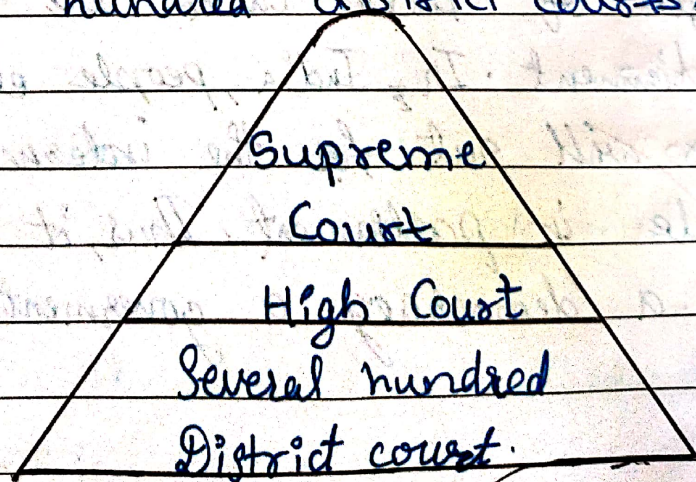

4. Explain the pyramid-shaped structure of the judiciary with the help of a diagram.

→ The Indian Judiciary has a pyramid type structure as it function at three levels - ~~Supreme~~ ^{Super} Supreme court, High court, District court.

~~Super~~ Supreme court - At the top of the ~~pyrat~~ pyramid is the ~~Supre~~ Supreme court. It is the highest court and it is located at New Delhi. Its head is the Chief Justice of India.

High court - High courts are the middle level. There are 21 High Courts and each has a Chief Minister Justice as its head.

District courts - At the lowest level of the pyramid are the District court. There are several hundred district courts in India.

E] Answer the following questions.

1. What is a political party?

→ A political party is a group of people who have the same ideas about how a government should work. There are many political parties in India.

2. Why do candidates make speeches to the people of their constituency?

→ The candidates ask the people to vote for them through speeches, advertisements, posters and so on. These help the people decide which candidate they would like to vote for.

3. Why do you think the voting is done by a secret ballot?

~~Future~~
12/8/26
The Election Commission makes arrangements so that people can vote freely, without being afraid. Instead of the polling booth the EVM is hidden behind a screen. No one can see which candidate the voter has voted for. This is called a secret ballot.
